EXPERIENCE

Relm West, Tacoma — General Laborer

08/2023 -Current

In this role, I worked for a company larger than I had experienced before, which improved my ability to navigate chains of command and quicker deadlines. I also worked with their database, scripting, creating data reports, and helping manage their data.

Birch Label, Langley — General Laborer

06/2016 -Current

I primarily completed general labor in this role, working on my own to complete given tasks and operate machines. This required me to be self-motivated and multitask.

Private Family Childcare, Langley — Nanny

06/2022 - 09/2022

South Whidbey Children's Center, Langley — Classroom Teacher

06/2018 - 09/2021

For several years I spent my summers working with children, communicating with their parents and other teachers, and planning lessons and outings.

EDUCATION

Western Washington University — Computer Science

09/19/2018 - 06/09/2023

I completed my degree in Computer Science and the Pre-master's program at Western. I have minors in both Mathematics and Physics and was part of the women's rowing team for five years.

PROJECTS

Research project at WWU working with data from Ancient Sumerian Tablets. Using classification and machine learning algorithms. This was a research project that involved working with historians to create a tool for tasks such as ethnic tracking throughout the Ur III period.
